UNDERSTANDING CONCUSSION

Some Common Symptoms:

- Headache
- Pressure in the Head
- Nausea/Vomiting
- Dizziness
- Balance Problems
- Double Vision
- Blurry Vision
- Sensitive to Light
- Sensitive to Noise
- Sluggishness
- Haziness
- Fogginess
- Grogginess
- Poor Concentration
- Memory Problems
- Confusion
- "Feeling Down"
- Not "Feeling Right"
- Feeling Irritable

WHAT IS A CONCUSSION?

A concussion is a type of traumatic brain injury that changes the way the brain normally works. A concussion is caused by a fall, bump, blow, or jolt to the head or body that causes the head and brain to move quickly back and forth. A concussion can be caused by a shaking, spinning or a sudden stopping and starting of the head. Even a "ding," "getting your bell

rung,” or what seems to be a mild bump or blow to the head can be serious. A concussion can happen even if you haven’t been knocked out.

You can’t see a concussion. Signs and symptoms of concussions can show up right after the injury or may not appear or be noticed until days or weeks after the injury. If the student reports any symptoms of a concussion, or if you notice symptoms yourself, seek medical attention right away. A student who may have had a concussion should not return to play on the day of the injury and until a health care professional says they are okay to return to play.

IF YOU SUSPECT A CONCUSSION:

1. **SEEK MEDICAL ATTENTION RIGHT AWAY** – A health care professional will be able to decide how serious the concussion is and when it is safe for the student to return to regular activities, including sports. Don’t hide it, report it. Ignoring symptoms and trying to “tough it out” often makes it worse.
2. **KEEP YOUR STUDENT OUT OF PLAY** – Concussions take time to heal. Don’t let the student return to play the day of injury and until a health care professional says it’s okay. A student who returns to play too soon, while the brain is still healing, risks a greater chance of having a second concussion. Young children and teens are more likely to get a concussion and take longer to re- cover than adults. Repeat or second concussions increase the time it takes to recover and can be very serious. They can cause permanent brain damage, affecting the student for a lifetime. They can be fatal. It is better to miss one game than the whole season.
3. **TELL THE SCHOOL ABOUT ANY PREVIOUS CONCUSSION** – Schools should know if a student had a previous concussion. A student’s school may not know about a concussion received in another sport or activity unless you notify them.

SIGNS OBSERVED BY PARENTS:

- Appears dazed or stunned
- Is confused about assignment or position
- Forgets an instruction
- Can’t recall events prior to or after a hit or fall
- Is unsure of game, score, or opponent
- Moves clumsily
- Answers questions slowly
- Loses consciousness (even briefly)
- Shows mood, behavior, or personality change

CONCUSSION DANGER SIGNS:

In rare cases, a dangerous blood clot may form on the brain in a person with a concussion and crowd the brain against the skull. A student should receive immediate medical attention if after a bump, blow, or jolt to the head or body s/he exhibits any of the following danger signs:

- One pupil larger than the other
- Is drowsy or cannot be awakened
- A headache that gets worse
- Weakness, numbness, or decreased coordination
- Repeated vomiting or nausea
- Slurred speech
- Convulsions or seizures
- Cannot recognize People/places
- Becomes increasingly confused, restless or agitated
- Has unusual behavior
- Loses consciousness (even a brief loss of consciousness should be taken seriously)

HOW TO RESPOND TO A REPORT OF A CONCUSSION:

If a student reports one or more symptoms of a concussion after a bump, blow, or jolt to the head or body, s/he should be kept out of athletic play the day of the injury. The student should only return to play with permission from a health care professional experienced in evaluating for concussion. During recovery, rest is key. Exercising or activities that involve a

lot of concentration (such as studying, working on the computer, or playing video games) may cause concussion symptoms to reappear or get worse. Students who return to school after a concussion may need to spend fewer hours at school, take rests breaks, be given extra help and time, spend less time reading, writing or on a computer. After a concussion, returning to sports and school is a gradual process that should be monitored by a health care professional.

Remember: Concussion affects people differently. While most students with a concussion recover quickly and fully, some will have symptoms that last for days, or even weeks. A more serious concussion can last for months or longer. To learn more, go to www.cdc.gov/concussion.

Severe Weather, Tornado Watch or Warning, and Other Emergencies

- *Severe Thunderstorm Watch* - The possibility of severe storms, including dangerous lightning, damaging winds, and possible hail exists in the watch area. Students dismissed at regular time unless severe weather conditions exist.
- *Severe Thunderstorm Warning* - Storms as described above are in the area and are imminent. Students may be detained if severe weather conditions exist.
- *Tornado Watch* - The possibility of a tornado exists in the watch area. All students will be kept at school if the watch is issued during the school day. Students will be dismissed at the regular time unless severe weather conditions exist.
- *Tornado Warning* - One or more tornadoes have been sighted in the area. All students will be kept at school if the warning is issued during the school day and will be instructed to take shelter within the building until the ALL CLEAR is signaled. Students will NOT be sent home.

If a Tornado WATCH or WARNING occurs outside of school hours, the school district will not begin any school activities (sports, PTA, etc.) If a Tornado WATCH is issued while the activities are in progress, the students, participants, audience, and attendees will be dismissed and the activities will stop immediately. If a Tornado WARNING is issued: students, participants, audience, and attendees will seek shelter within the building immediately. After school activities may be held if such activities are scheduled to begin one hour after a Tornado WATCH or WARNING has been lifted.

In the event of any of the above conditions, please tune to the radio or television for details.

Parents are requested to review these procedures with their child(ren). Parents are also encouraged to provide alternate home arrangements for their child(ren) if there is a need to release students for other types of emergencies (power outage, loss of heat, etc.). Please attempt to locate an alternate home of a friend or relative close to school where your child(ren) could go until such time as you return home. Please review your family's plan with your child(ren) on a regular basis during the school year.

Student Code of Conduct

Board Policy #8300 Series

8300 CODE OF STUDENT CONDUCT*

NOTE: Portions of the Board of Education policies are currently pending Board of Education approval. These policies are indicated with an asterisk (*).

Students have a responsibility not only to make a maximum effort toward academic achievement, but also must make an effort to behave properly in any school situation. A primary objective of the East Grand Rapids School District is to assist all students in developing into responsible, self-disciplined individuals who exercise full freedom of decision making within their rights of citizenship. The school's responsibility is to support the students through this process recognizing that some students will learn more rapidly than others will.

In addition to observing and understanding all of the rules of conduct of the school and District, students are expected to recognize that there are established channels through which rules and conditions can be reviewed and appealed.

Students who operate outside of their legal rights and responsibilities, or who violate Board policy and/or school rules will be subject to disciplinary action under the Procedures for Discipline as outlined in Board Policy #8383. In addition, students who violate local, state or federal laws will be referred to the East Grand Rapids Public Safety Department.

Problem Solving Process

The following process is suggested for problem solving and communication within the District:

1. Talk to the Teacher/Coach first.
2. If the problem is not resolved, talk to the Principal.
3. If the Principal cannot help, talk to the Superintendent.
4. If the Superintendent cannot help, the Board of Education may be contacted.

Parent/Guardian Responsibilities

Parents/Guardians are expected to insure regular and punctual attendance of their children, establish and maintain appropriate communications with the school and assume responsibility for working cooperatively with the school personnel in resolving behavioral problems.

Teacher Responsibilities

In addition to providing a good example to students, teachers are expected to:

1. Know and enforce the rules and policies of the school and administer discipline consistently and fairly;
2. Seek conferences with parents and other school personnel in an effort to understand students who present behavioral problems.

Student Responsibilities

All students are expected to abide by the Code of Student Conduct policies 8305 through 8397 during the school year and on school property and at school activities. The school year commences with the first extra-curricular and/or co-curricular

activity, whichever comes first, and continues through the end of the school year or the last scheduled extra-curricular and/or co-curricular activity of the school year, whichever comes last.

Application and Scope

The Code of Conduct covers all students enrolled in the East Grand Rapids Public School system. The code applies to a student who is on school premises, in a school-related vehicle, or at a school sponsored activity or trip, or who is using school telecommunication, networks, accounts or other district services. While the school system is not responsible for supervising or regulating off-campus activities, the school system may impose disciplinary or remedial measures in the event that off-campus activities of students, including travel to and from school, directly interfere with the operations, discipline, or general educational environment of the East Grand Rapids Public school system.

Application to Extra-Curricular, Co-Curricular, and Athletic Participation

Students are encouraged to become involved in extra-curricular, co-curricular, and athletic activities. Student participation in such activities is provided as an opportunity for students as long as they agree to follow the rules and guidelines. In as much as participation is a privilege (not a right), students who violate the guidelines will be subject to the penalties outlined, up to and including suspension from participation in such activities.

High School

High School students who participate in extra-curricular activities, those which are not part of an academic class are expected to maintain a 2.0 grade point average. Those students participating in high school athletics are further bound by the rules and regulations of the Michigan High School Athletic Association which requires passing four classes in order to participate.

Middle School

Middle school students who participate in extra-curricular activities, those which are not part of an academic class, are expected to maintain a "C" letter grade average. Those students participating in middle school athletics are further bound by the rules and regulations of the Michigan High School Athletic Association which requires passing four classes in order to participate. Student behavior will also be a determining factor for participation in extra-curricular activities.

8300-R CODE OF STUDENT CONDUCT

The primary objective of student discipline and control is to produce a school environment in which complete attention is directed to instructional activities. Good discipline should assist in the development of personal maturity of each student so that he/she enhances the efforts of teachers and other pupils in the learning process and, therefore, does not disrupt either the classroom or the instruction that is taking place. Positive discipline reinforcement should also assist students in becoming productive, self-directed citizens within the school in preparation for assuming adult responsibilities.

In addition to reviewing the Code of Student Conduct policies 8305 through 8397, any additional requirements and/or rules by a co-curricular leader/coach must be signed by the student and parent(s)/guardian(s) before participation will be allowed. These additional rules and regulations must be submitted in writing to the building administrator and Superintendent for approval. The Board of Education shall be informed of such rules.

A student who has below a 2.0 average in a marking period will be required to regularly attend tutorial sessions for a minimum of one (1) marking period. At the end of each marking period, the student's progress will be evaluated and it will be determined whether or not a student participating in a co-curricular activity will be required to continue attending the tutorial sessions. This decision will be determined after consultation with the student, classroom teacher, the tutor, counselor and Principal. A student may be precluded from a co-curricular activity until either the student's G.P.A. is 2.0 or above, or the tutor, counselor, and Principal determine it is in the student's best interest to again participate in co-curricular activities.

Those students participating in high school athletics are further bound by the rules and regulations of the Michigan High School Athletic Association which include a minimum .8 G.P.A. in order to participate. Drama students must also meet the minimum G.P.A. to participate.

A Middle school student who has below a C average in a marking period will be required to regularly attend tutorial sessions for a minimum of one (1) marking period. At the end of each marking period, the student's progress will be evaluated and it will be determined whether or not a student participating in a co-curricular activity will be required to continue attending the tutorial sessions. This decision will be determined after consultation with the student, classroom teacher, the tutor, counselor, and Principal or designee. A student may be precluded from co-curricular activities until either a student's C average is improved upon or the tutor, counselor, and Principal or designee determine it is in the student's best interest to again participate in co-curricular activities. Student behavior will also be a determining factor for participation in co-curricular activities.

ADDITIONAL MIDDLE SCHOOL STUDENT RESPONSIBILITIES

All students are expected to abide by the Code of Student Conduct Policies 8305 through 8397 regarding criminal activities, including use of controlled substances and substance abuse during the school year on school property and at school activities. All students are prohibited from the use, possession, purchase, sale, or distribution of any form, or those represented as such, of tobacco, non-tobacco nicotine products, alcoholic beverages, inhalants, marijuana, illicit drugs, or drug paraphernalia during the entire school year at any place, commencing with the beginning of the school year or the first scheduled co-curricular activity, whichever comes first and continuing through the end of the school year or the last scheduled co-curricular activity of the school year, whichever comes last.

Co-curricular activities are an integral part of the East Grand Rapids Public Schools and attendance and participation in them is regarded as a privilege. Students are expected to conduct themselves in such a manner as not to bring discredit or embarrassment to the school, the group they represent or themselves.

Middle school students who participate in co-curricular activities are expected to maintain a "C" letter grade average. Those students participating in middle school athletics are further bound by the rules and regulations of the Michigan High School Athletic Association which requires passing four classes in order to participate. If there is a concern regarding the dress or grooming of a student or students by a Principal during the school year, parent(s)/guardian(s) shall be notified by a note or a phone call explaining the concern and requesting student and parent(s)/guardian(s) cooperation.

If a Principal feels he/she must require immediate modification of a student's dress or grooming, he/she shall make an effort to notify the parent(s)/guardian(s) by phone before sending the student home. If this is not possible, the student may be required to remain in the office.

The parent(s)/guardian(s) may appeal the Principal's decision to the Superintendent.

In cases where the alleged harassment involves a member of the Board of Education, the School District will appoint outside legal counsel to investigate the complaint. The results of an investigation and any action taken thereon will be communicated to the complaining person.

The School District considers discriminatory harassment based on gender, race, color, national origin, genetic information (GINA), religion, height, weight, marital status, handicap, age, or disability to be a major offense, which will result in disciplinary action of the offender. Disciplinary action against a School District employee may include termination of employment. Disciplinary action against a student may include expulsion. Disciplinary action against a Board of Education member may range from Board of Education public censure to removal of the Board Member from an officer position he/she may hold.

Sexual harassment, may include, but is not limited to:

- Unwelcome conduct of a sexual nature

Examples:

- Unwelcome sexual advances
- Requests for sexual favors
- Other verbal, nonverbal, or physical conduct of a sexual nature, such as sexual assault or acts of sexual violence

In addition, any form of retaliation against the complainant or witness is in itself a form of sexual harassment.

Upon completion of, or at any point in, the grievance process, complainants have the right to file a complaint with the Office for Civil Rights, US Department of Education, Washington, D.C. 20201. The complainant should first be directed to the following address:

Office for Civil Rights

8330-R DISCRIMINATORY HARASSMENT (STAFF AND STUDENTS)

Title IX prohibits harassment of both male and female students/staff regardless of the sex of the harasser - i.e., even if the harasser and target are members of the same sex. It also prohibits gender-based harassment, which may include acts of verbal, nonverbal, or physical aggression, intimidation, or hostility based on sex or sex-stereotyping. Thus, it can be sex discrimination if students are harassed either for exhibiting what is perceived as a stereotypical characteristic of their sex, or failing to conform to stereotypical notions of masculinity and femininity. Title IX also prohibits sexual harassment and gender-based harassment of all students, regardless of the actual or perceived sexual orientation or gender identity of the harasser or target.

Although Title IX does not prohibit discrimination based solely on sexual orientation, Title IX protects all students, including lesbian, gay, bisexual, and transgender (LGBT) students, from sex discrimination. When students are subjected to harassment on the basis of their LGBT status, they may also be subjected to forms of sex discrimination prohibited under Title IX. The fact that the harassment includes anti-LGBT comments or is partly based on the target's actual or perceived

sexual orientation does not relieve a school of its obligation under Title IX to investigate and remedy overlapping sexual harassment or gender-based harassment.

Administrators and professional staff are directed to thoroughly investigate any allegations of gender-based harassment.

Any questions concerning whether alleged conduct might involve gender-based harassment/sex discrimination should be promptly brought to the District Compliance Officers.

Investigation and Complaint Procedure

Any student or staff member who believes that s/he has been subjected to unlawful discrimination or retaliation may seek resolution of his/her complaint through the procedures described below. The formal complaint procedures involve an investigation of the individual's claims and a process for rendering a decision regarding whether the charges are substantiated.

Due to the sensitivity surrounding complaints of unlawful discrimination or retaliation, timelines are flexible for initiating the complaint process; however, individuals should make every effort to file a complaint within thirty (30) calendar days after the conduct occurs. Once the formal complaint process is begun, the investigation will be completed in a timely manner (ordinarily, within fifteen (15) business days of the complaint being received).

Informal Complaint Procedure

The goal of the informal complaint procedure is to stop inappropriate behavior and facilitate resolution through an informal process.

The informal complaint procedure is provided as a less formal option for a student/staff who believes s/he has been unlawfully discriminated or retaliated against. This informal procedure is not required as a precursor to the filing of a formal complaint.

The informal process is only available in those circumstances where the parties (the alleged target of the discrimination and individual(s) alleged to have engaged in the discrimination) agree to participate in it.

Students/staff who believe that they have been unlawfully discriminated/retaliated against may proceed immediately to the formal complaint process and individuals who seek resolution through the informal procedure may request that the informal process be terminated at any time to move to the formal complaint process.

All complaints involving a District employee or any other adult member of the School District community against a student will be formally investigated.

As an initial course of action, if a student/staff feels that s/he is being unlawfully discriminated/retaliated against and s/he is able and feels safe doing so, the individual should tell or otherwise inform the person who engaged in the allegedly discriminatory/retaliatory conduct that it is inappropriate and must stop. The complaining individual should address the alleged misconduct as soon after it occurs as possible. The COs and/or the team will be available to support and counsel individuals when taking this initial step or to intervene on behalf of the individual if requested to do so. An individual who is uncomfortable or unwilling to inform the person who allegedly engaged in the unlawful conduct of his/her concerns is not prohibited from otherwise filing an informal or a formal complaint. In addition, with regard to certain types of unlawful discrimination, such as sexual discrimination, the CO may advise against the use of the informal complaint process.

A student/staff who believes s/he has been unlawfully discriminated/retaliated against may make an informal complaint, either orally or in writing: (1) to a teacher, other employee, or building administrator in the school the student attends or teacher is assigned to; (2) to the Superintendent or other District-level employee; and/or (3) directly to one of the COs.

All informal complaints must be reported to one of the COs who will either facilitate an informal resolution as described below, or appoint another individual to facilitate an informal resolution.

The School District's informal complaint procedure is designed to provide students/staff who believe they are being unlawfully discriminated/retaliated against with a range of options aimed at bringing about a prompt resolution of their concerns. Depending upon the nature of the complaint and the wishes of the student/staff claiming unlawful discrimination/retaliation, informal resolution may involve, but not be limited to, one or more of the following:

- A. Advising the student/staff about how to communicate his/her concerns to the person who allegedly engaged in the discriminatory/retaliatory behavior.
- B. Distributing a copy of Policy 5035 and 8330 - Discriminatory Harassment as a reminder to the individuals in the school building or office where the individual whose behavior is being questioned works or attends.
- C. If both parties agree, the CO may arrange and facilitate a meeting between the student/staff claiming discrimination/retaliation and the individual accused of engaging in the misconduct to work out a mutual resolution.

While there are no set time limits within which an informal complaint must be resolved, the CO or designee will exercise his/her authority to attempt to resolve all informal complaints within fifteen (15) business days of receiving the informal complaint.

Parties who are dissatisfied with the results of the informal complaint process may proceed to file a formal complaint. And, as stated above, parties may request that the informal process be terminated at any time to move to the formal complaint process.

Formal Complaint Procedure

If a complaint is not resolved through the informal complaint process, if one (1) of the parties requested that the informal complaint process be terminated to move to the formal complaint process, or if the student/staff elects to file a formal complaint initially, the formal complaint process shall be implemented.

A student/staff who believes s/he has been subjected to unlawful discrimination/retaliation (hereinafter referred to as the "Complainant") may file a formal complaint, either orally or in writing, with a teacher, Principal, or other District employee at the student's school, the CO, Superintendent, or another District employee who works at another school or at the District level. Due to the sensitivity surrounding complaints of unlawful discrimination, timelines are flexible for initiating the complaint process; however, individuals should make every effort to file a complaint within thirty (30) calendar days after the conduct occurs. If a Complainant informs a teacher, Principal, or other District employee at the student's school, Superintendent, or other District employee, either orally or in writing, about any complaint of discrimination/retaliation, that employee must report such information to the CO within two (2) business days.

Throughout the course of the process, the CO should keep the parties informed of the status of the investigation and the decision-making process.

All formal complaints must include the following information to the extent it is available: the identity of the individual believed to have engaged in, or be engaging in; the discriminatory/retaliatory conduct; a detailed description of the facts upon which the complaint is based; a list of potential witnesses; and the resolution sought by the Complainant.

If the Complainant is unwilling or unable to provide a written statement including the information set forth above, the CO shall ask for such details in an oral interview. Thereafter, the CO will prepare a written summary of the oral interview, and the Complainant will be asked to verify the accuracy of the reported charge by signing the document.

Upon receiving a formal complaint, the CO will consider whether any action should be taken in the investigatory phase to protect the Complainant from further discrimination or retaliation, including, but not limited to, a change of work assignment or schedule for the Complainant and/or the person alleged to have engaged in the misconduct. In making such a determination, the CO should consult the Complainant to assess his/her agreement to the proposed action. If the Complainant is unwilling to consent to the proposed change, the CO may still take whatever actions s/he deems appropriate in consultation with the Superintendent.

Within two (2) business days of receiving the complaint, the CO or designee will initiate a formal investigation to determine whether the Complainant has been subjected to unlawful discrimination/retaliation. A Principal will not conduct an investigation unless directed to do so by the CO.

Simultaneously, the CO will inform the individual alleged to have engaged in the discriminatory or retaliatory conduct (hereinafter referred to as the "Respondent") that a complaint has been received. The Respondent will be informed about the nature of the allegations and provided with a copy of any relevant policies and/or administrative guidelines, including Policy 5035 and 8330 - Discriminatory Harassment. The Respondent must also be informed of the opportunity to submit a written response to the complaint within five (5) business days.

Although certain cases may require additional time, the CO or designee will attempt to complete an investigation into the allegations of discrimination/retaliation within fifteen (15) business days of receiving the formal complaint. The investigation will include:

- A. interviews with the Complainant;
- B. interviews with the Respondent;
- C. interviews with any other witnesses who may reasonably be expected to have any information relevant to the allegations;

D. consideration of any documentation or other information presented by the Complainant, Respondent, or any other witness that is reasonably believed to be relevant to the allegations.

At the conclusion of the investigation, the CO or designee shall prepare and deliver a written report to the Superintendent that summarizes the evidence gathered during the investigation and provide the recommendations based on the evidence and the definition of unlawful discrimination/retaliation as provided in Board policy and State and Federal law as to whether the Complainant has been subjected to unlawful discrimination/retaliation. The CO's recommendations must be based upon the totality of the circumstances, including the ages and maturity levels of those involved. In determining if unlawful discrimination or retaliation occurred, a preponderance of evidence standard will be used. The CO may consult with the Board's legal counsel before finalizing the report to the Superintendent.

Absent extenuating circumstances, within five (5) business days of receiving the report of the CO or designee, the Superintendent must either issue a final decision regarding whether the charges have been substantiated or request further investigation. A copy of the Superintendent's final decision will be delivered to both the Complainant and the Respondent.

If the Superintendent requests additional investigation, the Superintendent must specify the additional information that is to be gathered, and such additional investigation must be completed within five (5) days. At the conclusion of the additional investigation, the Superintendent shall issue a final written decision as described above.

If the Superintendent determines the Complainant was subjected to unlawful discrimination/retaliation, s/he must identify what corrective action will be taken to stop, remedy, and prevent the recurrence of the discrimination/retaliation. The corrective action should be reasonable, timely, age-appropriate and effective, and tailored to the specific situation.

A Complainant or Respondent who is dissatisfied with the final decision of the Superintendent may appeal through a signed written statement to the Board within five (5) business days of his/her receipt of the Superintendent's final decision.

In an attempt to resolve the complaint, the Board shall meet with the concerned parties and their representatives within twenty (20) business days of the receipt of such an appeal. A copy of the Board's disposition of the appeal shall be sent to each concerned party within ten (10) business days of this meeting. The decision of the Board will be final.

The Board reserves the right to investigate and resolve a complaint or report of unlawful discrimination/retaliation regardless of whether the Complainant alleging the unlawful discrimination/retaliation pursues the complaint. The Board also reserves the right to have the formal complaint investigation conducted by an external person in accordance with this policy or in such other manner as deemed appropriate by the Board or its designee.

The Complainant may be represented, at his/her own cost, at any of the above described meetings/hearings.

The right of a person to a prompt and equitable resolution of the complaint shall not be impaired by the person's pursuit of other remedies such as the filing of a Complaint with the Office for Civil Rights or the filing of a court case. Use of this internal complaint procedure is not a prerequisite to the pursuit of other remedies.

8331 BULLYING

It is the policy of the District to provide a safe educational environment for all students. Bullying of a student at school is strictly prohibited. This policy shall be interpreted and enforced to protect all students and to equally prohibit bullying without regard to its subject matter or motivating behavior.

A. Prohibited Conduct

1. Bullying. Bullying of a student at school is strictly prohibited. For the purposes of this policy, "bullying" shall be defined as: any written, verbal, or physical act, or any electronic communication, that is intended or that a

2. Retaliation/False Accusation. Retaliation or false accusation against a target of bullying, any- one reporting bullying, a witness, or another person with reliable information about an act of bullying is strictly prohibited.

B. Reporting an Incident

If a student, staff member, or other individual believes there has been an incident of bullying in violation of this policy, s/he shall promptly report such incident to the appropriate principal or designee, or the Responsible School Official(s), as defined below.

A report may be made in person, via telephone, or in writing (including electronic transmissions). Confidentiality will be assured for any individual who reports an act of bullying. If an incident of bullying is reported to a staff member who is not the appropriate principal or designee, or a Responsible School Official, the staff member shall promptly report the incident to one or more of the aforementioned individuals.

A school employee, school volunteer, pupil, or parent or guardian who promptly reports in good faith an act of bullying to the appropriate school official designated in the school district's or public school academy's policy and who makes this report in compliance with the procedures set forth in the policy is immune from a cause of action for damages arising out of the reporting itself or any failure to remedy the reported incident. However, this immunity does not apply to a school official who is designated under subsection F, or who is responsible for remedying the bullying, when acting in that capacity.

C. Investigation

All reported allegations of a policy violation or related complaint about bullying shall be promptly and thoroughly investigated by the building principal or designee. A description of each reported incident, along with all investigation materials and conclusions reached by the principal or designee shall be documented and filed separately with similar materials in the District's central administrative office.

D. Notice to Parent/Guardian

If the principal or designee determines that an incident of bullying has occurred, s/he shall promptly provide written notification of same to the parent/guardian of the victim of the bullying and the parent/guardian of the perpetrator of the bullying.

Students who engage in any act of bullying while at school, at any school function, in connection to or with any District sponsored activity or event, or while in route to or from school are subject to disciplinary action, up to and including suspension or expulsion. Students will be subject to one or more of the following disciplinary actions:

E. Annual Reports

At least annually, the building principal or designee, or the Responsible School Official shall report all verified incidents of bullying and the resulting consequences, including any disciplinary action or referrals, to the Board of Education. The annual Board report may be given in writing, in person at a regular Board meeting, or as otherwise requested by the Board of Education.

F. Responsible School Official

The Superintendent ("Responsible School Official") shall be responsible for ensuring the proper implementation of this policy throughout the District. The foregoing appointment shall not reduce or eliminate the duties and responsibilities of a principal or designee as described in this policy.

G. Publication of Policy

Notice of this policy will be annually discussed with students and incorporated into the teacher, student, and parent/guardian handbooks.

Definitions

The following definitions are provided for guidance only. If a student or other individual believes there has been bullying, hazing, harassment or other aggressive behavior, regardless of whether it fits a particular definition, he/she should report it immediately and allow the administration to determine the appropriate course of action.

“Hazing”, as defined by state law, is also a crime in the state of Michigan. In addition to possible prosecution by the local authorities if a student violates this law, the student will also be subject to disciplinary action under this policy.

8335 UNLAWFUL SUBSTANCES & OTHER CRIMINAL ACTS

All students are expected to abide by this conduct policy regarding use of unlawful substances, or those represented as such. All students are prohibited from the use, possession, purchase, sale or distribution of any form, or those represented as such, of alcohol, inhalants, marijuana, illicit drugs, drug paraphernalia, tobacco, non-tobacco nicotine products, or inhalation-type products or paraphernalia. Inhalation-type products include, but are not limited to, vaping instruments, electronic cigarettes, dissolvable, chewing tobacco, mods, or hookahs.

Application and Scope

The policy will apply to all students and their involvement in school, extra-curricular, school-sponsored, and athletic activities of the East Grand Rapids Public Schools. The policy applies to all students at any place and at any time. The policy will apply on a 12-month basis, beginning with enrollment in the district and ending with high school graduation or the last scheduled extra-curricular and/or co-curricular activity of the school year of graduation, whichever comes last.

Students who attend school or a school-sponsored event on or off school property under the influence of an unlawful substance will be considered to be in possession of such substance on-campus and thus subject to penalties under 8335-R II.

Those who violate Board policy and/or school rules will be subject to disciplinary action under the Procedures for Discipline as outlined in Board Policy #8383.

8335-R UNLAWFUL SUBSTANCES AND OTHER CRIMINAL ACTS

If it has been determined that a student is unlawfully using, possessing, purchasing, selling or distributing unlawful substances, or those represented as such, the Suspension Procedures (Policy 8390) shall be followed. In addition, the school will seek to recommend appropriate education or counseling programs. Tobacco, or inhalation-type tobacco and non-tobacco nicotine violations will be disciplined progressively. Second and subsequent violations of Policy #8335 not related to tobacco, or non-tobacco nicotine products, or inhalation-type products, will be disciplined progressively and according to the location and type of the most recent offense.

Offenses involving illegal substances will be cumulative for two (2) years from the date of the offense. An offense occurring after the two-year window will be disciplined and reported as if the offense is a first offense; however, all violations of #8335 remain in the student's file and on record.

Reporting To Post-Secondary Institutions

School personnel are prohibited from reporting student discipline to post-secondary institutions, unless the school administration deems a discipline violation to be of a significant criminal nature or one that involves a significant threat to the safety of the individual or others. Such violations may include, but are not limited to, weapons, violence, or the delivery of a controlled substance. Such discipline violations will be reported when in the judgment of the school it would be irresponsible or unprofessional not to do so. School personnel, specifically counselors, when presented with an application question regarding a student's discipline, will mark the option "school policy prevents me from reporting" for all students unless the discipline violation is of a significant criminal nature or involves a significant threat to the safety of the individual or others.

Limitations of Review

Administrators observe the right to decline to investigate a report if a significant amount of time has lapsed and/or if the administration is unable to conduct an adequate investigation.

The Superintendent shall develop and present to the Board annually a program of testing and assessment that includes:

- the Michigan Education Assessment Program (for grades 3-9) and the Michigan Merit Examination (or other readiness assessment program approved by the State Superintendent) administered each year in accordance with the schedule established by statute and the State Department of Education; The purpose of the Michigan Education Assessment Program and the Michigan Merit Examination (MME) is to assess student performance in mathematics, science, social studies, reading, and English language arts for the purpose of improving academic achievement and establishing a Statewide standard of competency. The MME will include the American College Test (ACT) provided at State expense for all students in Grade 11.
ACT scores are used during the college admission process to assess high school students' general educational development and their ability to complete college- level work.
- criteria-based written and oral examinations which include use of alternative questions, demonstrations, writing exercises, individual and group projects, performances, portfolios, and samples of best work;
- selection of assessment instrument, data, and other District criteria that will be used to assess educational achievement of each student in grades 1-5;

The Board requires that:

- tests be administered by persons who are qualified under State law and regulation;
- parents be informed of the testing program of the schools and of the special tests that are to be administered to their children;
- data regarding individual test scores be entered on the student's cumulative record, where it will be subject to the policy of this Board regarding student records;
- the results of each school-wide, program-wide, and District-wide test be made part of the public record.

All eleventh grade students shall participate in the Michigan Merit Examination, unless excluded under the guidelines established by the State Department of Education.

A student who wants to repeat a State approved readiness assessment (other than the Michigan Merit Examination and any ACT component) may repeat the assessment in the next school year or after graduation on a date when the District is administering the assessment. Only this type of repeat assessment testing will be without charge to the student.

The District shall administer the complete Michigan Merit Examination to a student only once and shall not administer the complete Michigan Merit Examination to the same student more than once. If a student does not take the complete Michigan Merit

Examination in grade 11, the District shall administer the complete Michigan Merit Examination to the student in grade 12. If a student chooses to retake the college entrance examination component of the Michigan Merit Examination, the student may do so through the provider of the college entrance examination component and the cost of the retake is the responsibility of the student.

Testing Out

Under Michigan law, (MCL 380.1279b) a student who desires to receive credit for a high school course without enrolling in the course may do so by attaining a grade of not less than a C+ for the final exam and/or other comprehensive paper, portfolio, presentation, project, or assessment in the course. Credit will not be granted, however, for a course in a subject area lower in course sequence than one for which the student has already earned credit.

Successfully attained credit under this policy will earn a grade of "pass" and shall not be used in computations of grade point average nor counted toward the total required credits for graduation. Credit may be used to fulfill prerequisites for other courses and/or subject area credit requirements for graduation.

The high school Principal shall establish rules for implementing this policy in cooperation with the Superintendent, and shall be responsible for ensuring that all high school courses include one or more appropriate comprehensive exam(s) or other assessment.

8020 ATTENDANCE

The Board expects regular and punctual attendance at school by all students. Daily attendance records shall be maintained for each student in each school. Regular attendance contributes not only to the probability of scholastic success but also to the development of attitudes of consistent performance that will carry over into adult life.

District personnel are to follow the state guidelines regarding student attendance accounting and reporting. The District's staff is to cooperate with attendance officers and law enforcement personnel when enforcing the compulsory laws.

8025 ABSENCES AND EXCUSES

The Board, other than for illness or for reasons under Policy 8010, discourages any absence from school or school-related activities. The administrative staff shall develop appropriate rules and regulations regarding approved student absences.

ADDITIONAL MIDDLE SCHOOL ATTENDANCE RULES AND REGULATIONS

When a student is absent for any part or all of the day, building procedure requires that an explanation of the absence be furnished to the office. A parent can provide an explanation by submitting the absence using the Skyward Family Access Online Attendance System.

If the nature of the illness or injury means that student will be out for three or more days, call the main office at 235-7551 after entering the absence into Skyward and also email your child's teachers. Requests for homework cannot be taken over the phone. If you will be taking your child out of school for an appointment, for your child's safety, a parent/guardian must sign their child out of school and back in to school with the secretary in the main office.

Although we discourage parents from taking students out of school for lengthy periods of time for reasons other than illness or a family tragedy, it is understood that sometimes it is unavoidable. In such cases, students must obtain a Pre-Planned Absence Request from the office and present it to each of his/her teachers at least one (1) week in advance. At that time, make-up work will be assigned. Since the decision for leaving school for a vacation rests with the student and his/her parents/guardians, the responsibility for making up all work missed lies with the students and his/her parents/guardians.

All basic semester assignments, such as themes, notebooks, research papers, and book reports must be handed in upon his/her return to school. All major tests missed during the trip must be taken by the student upon his/her return to school. If a student does not complete the Pre-Planned Absence Request, work not turned in during the absence will be given zeros.

If a student is absent from school for more than three class periods, he/she cannot participate in any activity on that day. This includes games, sports, dances, and other such programs. A student must attend school for three hours on the day of the activity to participate. Students must be in attendance either first through third hour, or third through sixth hour. Our philosophy is that East Grand Rapids Middle School students obtain an excellent education. The top priority is academic excellence. Co-curricular activities are important but will not be placed ahead of the academic curriculum. Academic eligibility requirements will be adhered to.

Excessive Absences

Regular attendance, punctuality, self-discipline, and responsibility are important educational goals that are directly related to employability, and success in future educational pursuits.

Excused and unexcused absences are counted as part of daily attendance records. Family trips, vacations, and appointments will count toward the student's overall days of excused absences. Students who show a repeated pattern of non-illness related absences will not be treated in the same manner as those students who have used the absences for unavoidable purposes. Special situations, as they occur, will be dealt with on an individualized basis by the administration.

Failure to notify the attendance office of an absence within two (2) school days will result in an automatic unexcused absence. On the tenth absence, the school will notify the parents/guardians of the overall number of absences. These notifications will serve as a reminder of the lost instructional time accumulated through the student's absences. Regardless of the nature of a student's absence, all students are required to attend school. Failure to attend school on a regular basis may result in the filing of truancy with the Kent County ISD.

Unexcused Absences

The following is a listing of attendance behavior that results in an unexcused absence:

- Skipping class
- Oversleeping
- Leaving class early without the permission of classroom teacher
- Falsifying notes or telephone calls
- Failure to return from a lunch engagement during the grade level specific lunch period
- Arriving to class ten (minutes) late without a parent/guardian contact

Tardiness

Students are expected to be in the classroom on time. Tardiness disrupts the entire educational process. A student will be marked tardy if he/she enters the classroom late. Students coming to school after classes begin must sign in with the secretary in the attendance office. Parents will have the opportunity to excuse tardies at the start of the school day on up to two (2) occasions each semester. Beyond that, tardies will be unexcused and the following information will apply.

On the third tardy in any one class, the student will be assigned a lunch detention during the following school day. On the sixth tardy in any one class, the student will be assigned an after school detention for an hour. Accumulated tardies will reset to zero (0) at the change of the semester. Additional disciplinary action will be taken if the student fails to correct his/her attendance behavior after the 6th tardy in any one class. This can include consecutive lunch detentions/after school detentions for each additional tardy.

Lunch Detention and Friday after School Detention

The purpose of a lunch detention or Friday after school detention is to change negative behaviors of students. This time is designed as a tool for teachers and administrators to use for infractions of school policy. Administrators will assign students to a lunch detention or Friday after school detention. If the student is assigned a lunch detention/Friday after school detention, he/she is expected to attend on the date scheduled. It is the sole responsibility of the student to make sure he/she serves the lunch detention/Friday after school detention as scheduled. Each student is expected to complete school work during this time. The rules for the lunch detention/Friday after school detention will be strictly enforced. Failure to follow the rules will be reported to the administration for further disciplinary action. A student will meet with the administration for further disciplinary action if:

- A student arrives late to a lunch detention/Friday after school detention.
- A student does not attend a scheduled lunch detention/Friday after school detention.
- A student misses a second time on the same assigned offense.

Lunch Detention Schedule

Lunch detentions will be held every day during grade level specific lunch period or as determined by the administration. Each detention will be 30 minutes in length. Students may bring their lunch to their detention; however they must arrive on time.

- 7th grade: 10:14 - 10:44 (5 minutes after the 2nd hour dismissal bell)
- 8th grade: 11:16 – 11:46 (5 minutes after the 3rd hour dismissal bell)
- 6th grade: 12:18 – 12:48 (5 minutes after the 4th hour dismissal bell)

Failure of Parent or Guardian to Return Child to Regular School Attendance

Pursuant to MCL 380.1588 the attendance officer shall make a complaint to the court, a warrant is- sued and the case heard. Per MCL 380.1599 “A parent or other person who fails to comply with this part is guilty of a misdemeanor, punishable by a fine of not less than \$5.00 nor more than \$50.00, or imprisonment for not less than 2 nor more than 90 days, or both.”

8040 SCHOOL ADMISSIONS TO CLASSES

Students are assigned to specific classes, grade levels and teachers by the building Principal. In making assignments, to the extent possible, Principals may consider (with input from teachers and parents) the following factors: (i) individual student needs; (ii) learning styles of students; (iii) teaching styles; (iv) gender ratio; (v) heterogeneous make-up of the class; (vi) class size; and (vii) special education needs.

8040-R SCHOOL ADMISSIONS

(To view the complete policy, visit www.egrps.org/district and click on Board Policy.)

The Superintendent, in cooperation with the Principals, shall establish an advance enrollment date for all students. Enrollment procedures will be communicated to community through our newsletters and District website.

Non-Resident Students

A non-resident student who desires to be admitted to the schools of the District shall obtain a release from their resident District. In the event a non-resident student is denied admission to the schools of the District, the student may appeal the decision, in writing, to the Board. (MCL 380.1401; AG Opinion #5995)

Students of Employees

The parent/guardian of a non-resident student who is employed by the District may request permission for enrollment. The Superintendent will grant permission if there are openings at the grade level the student will be entering. Students who have been suspended in the last two years or expelled may be excluded. Students of eligible employees will not be required to obtain a release from their resident District.

Tuition

The tuition for any student that is to be paid by another District shall be paid on the date provided in the agreement with that District. In any event that tuition for a non-resident student is to be paid by the parent/guardian; such tuition shall be paid in full at the time of enrollment in the amount determined by the Superintendent. (MCL 380.1401; 380.1406; 380.1408; 380.1411; AG Opinion #6316, #5995)

To Schools

Any parent/guardian who wishes to enroll his/her student in a school outside of the attendance area in which the student would otherwise attend may submit a written application to the Superintendent, including in such application a justification for the variance from the assignment policy of the Board.

The Superintendent is authorized, in any case in which he/she feels that the best interest of the schools or the student involved will be served, to grant an attendance area exception and/or place a student outside an attendance area established by the Board.

Assignment

The building Principal shall be initially responsible for assignment of all students within the school. In the event that a parent/guardian is dissatisfied with a student assignment, he/she shall confer with the Principal, and if he/she is not satisfied with the Principal's explanation of the basis for the assignment, he/she may confer with the Superintendent who will make the final decision.

To Grade Levels/Classrooms

Students are assigned to specific classes, grade levels and teachers by the building Principal. In making assignments, Principals may consider (with input from teachers and parents) the following factors: (i) individual student needs; (ii) learning styles of students; (iii) teaching styles; (iv) student ratio; (v) heterogeneous make-up of the class; (vi) class size; and (vii) special education needs.

Students progress from grade nine to ten to eleven as a member of the class with which they entered high school. Students only advance to twelfth grade, or senior standing, after completing three years in high school and earning a minimum of sixteen (16) high school credits. Any student who withdraws from school for any period of time will be enrolled at the appropriate grade level based on earned credits at the time of re-enrollment.

Grade placement shall be made by the school officials after consultation with the parents/ guardians and guidance personnel. Criteria for final placement shall include past educational experience and successful performance and/or examination at the level of initial assignment.

The following rules and regulations have been developed by the school administration, acting in consultation with parents and teachers, to implement Policy Number 8040:

1. Information on the student made available by parents or guardians for purposes of student placement for the next school year must be submitted in writing to the Principal prior to the end of the current school year or by the date specified by the building Principal, whichever is earlier.
2. Parents/Guardians are requested to use the Student Placement Information Form that is available in each school office when providing information for student placement purposes. Placement information should describe the specific needs of the student, and the Principal will carefully review this information.
3. Requests from parent(s)/guardian(s) regarding a specific teacher that are not supported by the specific needs of the child will not be considered.
4. Once class lists or class schedules are finalized, there will not be a change unless unusual circumstances compel such a change. These changes are disfavored since they will normally require that other class lists and class schedules be altered to adjust for the request.

8055 CHANGING STUDENT LETTER GRADE

The Superintendent shall establish rules and regulations to be followed by students, parent(s)/guardian(s), or other persons who request a letter grade change. Letter grade change requests are to be taken seriously and letter grades shall not be changed without involvement of all appropriate professional personnel.

8100 ADMINISTRATION OF MEDICATIONS BY SCHOOL PERSONNEL

This policy is intended to cover all students. It includes students with disabilities who have an Individualized Educational Program (IEP) or Section 504 Plan. The following definition of "medication" is adopted for use in this District: "Medication," includes prescription, non-prescription and herbal medications, and includes those taken by mouth, by inhaler, those that are administered by injection, and those applied as drops to eyes, nose, or medications applied to the skin.

Whenever possible, medications for students should be administered by parent(s)/guardian(s) at home. As a service to the family, the Superintendent shall establish procedures for the administration of medication by school personnel in circumstances where such administration is deemed necessary for the student's well being by the student's parent(s)/guardian(s) or physician. The pupil's parent(s)/ guardian(s) must provide the school with written permission and a written request to administer medications to their child. Written instructions from a physician, which include the name of the pupil, name of the medication, dosage of the medication, route of administration, and time the medication is to be administered to the pupil shall accompany the request and be kept on record by the school. The parent(s)/guardian(s) request/permission and a physician's instructions for administration shall be renewed every school year.

Any and all "biohazards" generated, such as, but not limited to: sharps, bandages, gauze, towelettes, and discarded live or attenuated vaccines, due to the administration of medications by school personnel shall be disposed of in accordance with the Michigan Medical Waste Regulatory Act, 1978 PA 368, R 325.1545(10). Students who "self-administer" medications shall be responsible for returning any such wastes to their home for disposal. The Superintendent shall be responsible for providing staff members with written procedures to implement this requirement.

Each building shall have a plan for handling medical emergencies.

The school administrator will designate an individual(s) responsible for administering medications to pupils at that school. A school administrator, teacher or other school employee authorized to do so by the school administrator, may administer

medication to a pupil in the presence of another adult employee pursuant to written permission of the pupil's parent(s)/guardian(s), and in compliance with, the written instructions of a physician. Where the individual administering the medication is a licensed registered professional nurse, or when an emergency threatens the life or health of the pupil, a second adult need not be present.

Self-Administration and Self-Possession of Medications

The following definition of "self-administration/self-possession" is adopted for use in this District: "Self-administration" means that the pupil is able to consume or apply prescription and non-prescription medication in the manner directed by the physician without additional assistance or direction. Self-possession means that the pupil may carry medication on his/her person to allow for immediate and self-determined administration.

A pupil whose parent(s)/guardian(s) and physician provide written permission will be able to self-administer and self-possess his/her own medications. A medication that a pupil possesses must be labeled and prepared by a pharmacy or pharmaceutical company and include the dosage and frequency of administration. A pupil's use shall not be denied if the conditions of written permission and physician direction are met. A building administrator may discontinue a pupil's right to self-administer and self-possession if there is misuse by the pupil. The denial shall come only after a consultation with the parent(s)/guardian(s).

For example, a pupil who requires the use of an inhaler for relief or prevention of asthma symptoms shall be allowed to carry and use the inhaler if there is written approval from the pupil's physician and parent(s)/guardian(s) on record at the school (as described in the Michigan Revised School Code, Section 380.1179). A pupil who is in possession of an inhaler under the above conditions shall have each of his/her teachers notified of this by the building administrator.

Exercise Induced Asthma Attacks

Physical education teachers, playground aides, coaches, and teachers are to be informed that exercise can induce acute episodes for many students with asthma. It shall be the responsibility of the administration to inform school staffs who are responsible for students during physical activity of the identity of those students who have exercise-induced asthma. A child with exercise-induced asthma shall be allowed to stop any physical activity if they are having difficulty. The Superintendent will promulgate rules and guidelines to implement this provision.

Diabetic Emergencies

Staff shall be made aware of the symptoms of a diabetic emergency. Staff with diabetic students should know the signs of possible side effects of diabetic medications, and also, be aware which side effects are serious enough to warrant reporting to the child's parent(s)/guardian(s) or health provider.

Management of Students with Asthma in the School Setting

If needed, school administrators may have direct communication with the child's health care provider in order to resolve individual problems that may arise because of a child's asthma. All staff shall be informed about the early warning signs of an acute asthma episode and should be aware of emergency procedures and contacts in case a child needs medical assistance. Copies of the "Signs of an Asthma Emergency," as published by the Michigan Department of Education will be distributed to all staff and shall be posted on appropriate bulletin Boards in school buildings.

Emergency Anaphylaxis

In order to be prepared for an anaphylaxis emergency, the Board President or designee shall obtain a prescription in the name of the East Grand Rapids Board of Education as authorized by law for auto-injectable epinephrine as required to comply with this policy and applicable law. In addition, the Superintendent or designee shall:

- Ensure that at least two epinephrine auto-injector devices are maintained at all times in each school building, regardless of whether any student/staff member has been diagnosed with allergies.
- Ensure that epinephrine auto-injectors maintained at the school are only used by a licensed registered professional nurse employed or contracted with the district or school personnel who are designated, trained, and authorized to use an epinephrine auto-injector as more specifically outlined in the regulations for this policy; and
- Annually collect and report data to the Michigan Department of Education on the number of administrations of epinephrine to students at each school.

Nothing in this policy alters or diminishes the rights of individuals who have prescription epinephrine auto-injectors or students under an allergy response plan in a health plan, Section 504 plan, or individualized education plan.

8480 PHYSICAL EXAMINATIONS FOR ATHLETICS

A student who wishes to participate in interscholastic games or sports, including cheerleading, etc. must satisfactorily complete a health or medical examination administered by a qualified physician prior to entering into any athletic competition.

8990 FEES AND FINES

Building Principals or designated representatives shall be authorized to collect school fees authorized by the Board. School property lost, damaged or destroyed by a student shall be paid for by such student in accordance with rules prescribed by the District, building, or department.

9230 SCHOOL VOLUNTEERS

The Board of Education recognizes that certain programs and activities can be enhanced through the use of volunteers who have particular knowledge or skills that will be helpful to members of the professional staff responsible for the conduct of those programs and activities.

The Superintendent (or designee) shall be responsible for recruiting community volunteers, reviewing their capabilities, and making appropriate placements. He/She shall not be obligated to make use of volunteers whose abilities are not in accord with District needs.

Any person who volunteers to work with the District shall be screened through one or more of the following: the Internet Criminal History Access Tool (ICHAT), Internet sites for the Sex Offenders Registry (SOR) list, and/or the Offender Tracking Information System (OTIS) prior to being allowed to participate in any activity or program.

The purposes of a school volunteer program are:

1. To increase the educational achievement of students;
2. To provide enrichment experiences beyond those that the school can provide;
3. To provide more effective utilization of teacher time and skills;
4. To give more individual attention to students who need it; and
5. To promote greater community involvement in the academic and co-curricular programs of the District.

General Principles

The volunteer program of the District is at all times guided by the principles and policies of the District.

Volunteers serve in a supportive capacity with the direction and supervision of the building Principal, Athletic Director or other certified school personnel.

A volunteer is not a substitute for a member of the school staff, but does supply supportive services.

A volunteer does not have access to confidential files and records.

Wherever possible, volunteers are assigned to the particular school where they wish to serve.

The relationship between volunteers and the school staff should be one of mutual respect and confidence.

All school volunteers work under the direction of the school staff and provide supportive services to them. Volunteers assist teachers and will only be assigned to those staff members who request them.

All students are expected to obey directives and instructions given to them by authorized volunteers of the District. Failure to abide by directives and instruction given by an authorized District Volunteer may result in disciplinary action under the Code of Student Conduct. School volunteers serving in the District without financial compensation are bound by the policies, rules/ regulations, and procedures of the District. They are to be supervised by each building Principal or other authorized school employees.

9300 ALCOHOL, TOBACCO, AND NON-TOBACCO NICOTINE PRODUCTS

Free Schools, Grounds, Vehicles, And Facilities

The use alcohol, and all types of tobacco and non-tobacco nicotine products, and those represented as such, is prohibited at all times, by any person in school buildings, in school vehicles, on school grounds, on joint facilities and at any on- or off-campus school sponsored activity.

Signs prohibiting the use of tobacco and non-tobacco nicotine products will be posted on school grounds.

Employees and students violating this policy will be subject to progressive disciplinary action. In addition, the law provides for a fine of \$50.00 for employees, students, and the general public who violate this law.

9410 PARENT(S)/GUARDIAN(S) VISITATION OF CLASSROOMS

The Board recognizes the central role parent(s)/guardian(s) play in the education of their children, and supports active parent(s)/guardian(s) involvement in the educational process. Parent(s)/Guardian(s) are encouraged to maintain regular contact with their child's instructors. To familiarize themselves with their child's learning environment, parent(s)/guardian(s) are also encouraged to come to planned conferences, school open houses, and visitation days.

Parent(s)/Guardian(s) may also visit their child's classes on other days, subject to the approval of school administration and the following guidelines. Parent(s)/ Guardian(s) are asked to understand the Board's responsibility to safeguard the learning environment for all students, and be sensitive to the disruption that can be caused by frequent visitors. The Board also has an obligation to protect the privacy rights of all students and their families.

The Board adopts the following regulations for parent(s)/guardian(s) visitations:

1. All parent(s)/guardian(s) visitations are subject to the approval of the school Principal.
2. Parent(s)/Guardian(s) desiring to visit a classroom shall make a request to the Principal before the date. The Principal should consult with the teacher and respond to the parent(s)/guardian(s) in a timely manner.
3. Visitors are required to check in at the school office before the start of the class that they wish to observe, and to follow individual school procedures for visitor sign-in, passes, escorts, etc.

4. Parent(s)/Guardian(s) in classrooms are there as guests and are asked to behave as quiet observers of classroom activities, unless specifically requested otherwise by the classroom teacher.
5. Visitation shall not be allowed during tests or other student examination/evaluation.
6. An appointment should be made with the teacher if the parent(s)/guardian(s) wish(es) to discuss their child's educational progress. Visiting parent(s)/ guardian(s) are to refrain from using classroom observations for impromptu parent(s)/guardian(s)-teacher conferences either during or outside of class time.

Parent(s)/Guardian(s) who fail to abide by these regulations or who intentionally disrupt the educational process of the school may be asked to leave and/or be denied permission for future visits
